Group

What to learn?

A programmatic framework

Learning and teaching
(contents and methods)

Systems (moving
between different
levels, different forms
and at different times)

**Acquisition of
Lifeskills**

Enabling environments
(institutions and
communities)

Multiple pathways (e-
learning, classroom
based, workplace
experience.. Etc.)

OPEN LEARNING SYSTEMS

Learning Management Systems

HOW DO WE GET THERE?

Way forward

Teach what you preach

Foster partnership

Harness innovation and creativity

Benefit from new technology

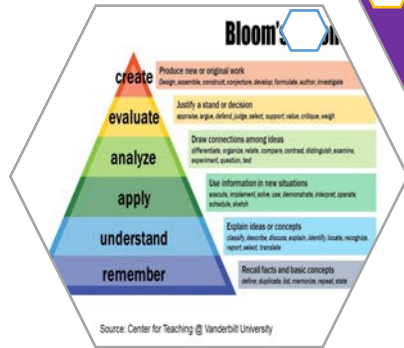

Find the right entry points

Accompany learning

Ensure recognition and certification of skills acquired

THE TWELVE CORE LIFE SKILLS

SELECT A CORE SKILL TO FIND OUT MORE

Reimagining Life Skills and Citizenship Education in the Middle East and North Africa
A Four-Dimensional and Systems Approach to 21st Century Skills

The situation of learning in MENA calls for a **holistic, lifelong and rights-based vision** of education that maximizes the potential of all children and youth in the region and better equips them to create meaning and of knowledge and to face the transitions from childhood to adulthood, from education to work, and from sustainable development to responsible and active citizenship. This is what drives the **MENA Life Skills and Citizenship Education (LSCE) Initiative**, kicked off in 2015 with the aim of supporting the countries of the region – conceptually, programmatically and technically – to improve learning and to better meet each learning in individual, social and economic development.

A set of **twelve core life skills** for MENA has been identified using the four-dimensional learning model: Learning to Know (Cognitive Dimension), Learning to Do (Instrumental Dimension), Learning to Be (Emotional Dimension) and Learning to Live Together (Social Dimension). The twelve core life skills are: **Participation, Creativity, Critical Thinking, Problem Solving, Cooperation, Negotiation, Decision-Making, Self-Management, Resilience, Communication, Personal Empowerment, and Active Citizenship.**
