Introduction

The Association for the Development of Education in Africa (ADEA) is a forum for policy dialogue on education and it is hosted by the African Development Bank in Abidjan, Côte d’Ivoire. Its vision is to create “high-quality African education and training geared towards the promotion of critical skills for accelerated and sustainable development in Africa”. ADEA’s mission therefore is to “serve as an open and flexible pan-African organization that informs and facilitates the transformation of education and training to drive Africa’s accelerated and sustainable development”. It acts as a catalyst in promoting innovative policies and practices through the pooling of ideas, experiences, learning and knowledge. ADEA’s overall goal is to contribute to empowering African countries to develop education and training systems that respond to their emergent needs and drive Africa’s sustainable social and economic transformation.

ADEA’s main organs are its Steering Committee (SC), Executive Committee (EC), the Secretariat, Inter-Country Quality Nodes (ICQNs).
